

2. Tech Ops

February 17, 1965
MW-M-1015

Dear Joe:

SUBJECT:

STAT

My 20 January 1965 letter (MW-M-981) transmitted data on the Coherent Enlarger Program. Enclosures No. 6 and No. 7 indicated that those items would be completed by 15 February, 1965. New enclosures 6 and 7 are provided herewith documenting completion.

We would like to meet with the cognizant personnel on Thursday, 25 February at about 2 P.M. to discuss this program and to discuss the proposal forwarded you on 11 February, 1965, regarding a program which would lead to the production use of this instrument. May we hear from you regarding the suitability of such a meeting and where it will be held.

Regards,

Charlie
